PROTESTED by Mrs. C. Glaser, November 15th, 1916.

APPROVAL OF STATE ENGINEER.

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit, to change the place of use of the waters of Seitz or Dry Creek is issued with the understanding and upon condition that the applicant will construct and maintain such ditches as will insure that the old land, from which the water is proposed to be taken, will not be irrigated from the source in question. This permit is further issued with the understanding that the class and extent of the water right acquired hereunder for the new land will be governed by the right eventually determined to attach to the old land which is deprived of water by virtue of this permit. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Nine hundred and seventeen thousandths (0.917) cubic foot per second.

Actual construction work shall begin on or before September 20th, 1917.

Proof of commencement of work shall be filed before October 20th, 1917.

Work must be prosecuted with reasonable diligence and be completed on or before September 20th, 1917.

Proof of completion of work shall be filed before October 20th, 1917.

Application of water to beneficial use shall be made on or before September 20th, 1918.

Proof of the application of water to beneficial use must be filed with State Engineer on or before October 20th, 1918.
